SOME OBSERVATIONS

Concerning Nothing Very Serious But Worthy of Thought.

The Governor of Utah was not easily persuaded, even when the President interfered, in behalf of the I. W. W. leader who was convicted of murder. Threats of violence and all kinds of trouble were made, but the Governor stood firm and refused to interfere with the findings of the various tribunals in which the case was heard. Some Governor.

Isn't it wonderful how well some people understand just how to obtain a little halo about their heads and how well they manage to keep the thing in sight and constantly shining?

These cold and biting winds from out the west make us deeply grieve for that pair of notoriety seekers who are playing Adam and Eve up in the Maine woods. On real cold days they wear deer skins around their bodies, but suits of leaves are their regular every-day costumes.

That Toledo druggist who has a soda fountain in his store and a gasoline tank on the outside is playing the game both ways.

News item says: "Michigan hunter lost." Perhaps he's gone over to the Maine woods hunting for the new Adam and Eve who are camping there.

A movement has been started by the American Bankers' Association to create a nation of money savers. The International Y. M. C. A. is boosting the project. It's a great movement and if generally adopted will prove of great benefit to the wage earner.

A Chicago physician who attended a mother when her baby boy was born, found the infant so imperfectly developed that nothing but an operation would save its life. Even the operation would not make it anything more than a living thing—imperfect mentally as well as physically—with no hope of its ever being able to care for itself. The parents and physician wisely concluded to let the small spark of life die out. This action created nation wide discussion and the physician was called before a board of celebrated physicians for investigation. The finding of the board was unanimously in favor of the attending physician's action, and the world should approve of the course pursued.

A cartoonist in a daily newspaper says: "Tell me ere I go to bed, why is father's nose so red." To which we answer: "Maumee."

A society item says: "Mr. Saleratus was united in marriage with Miss Von Bun." Oh, biscuits!

Strange, isn't it, how so many near relatives are so very distant.

LUCAS COUNTY CLERK

Found Guilty of Tampering with the Jury Box.

The clerk of courts was found guilty late Friday under an indictment charging him with having tampered with the jury box, says the Toledo Times.

It took the jury two hours and 18 minutes to find Kelly guilty. The case went to the jury in the afternoon at 2:10 o'clock. It reported at 4:28 o'clock.

The maximum penalty is a year's confinement in the workhouse and a fine of \$1,000.

His attorney filed a motion for a new trial.

Kelly will again go on trial a week from Monday. It is almost likely he will be made to face one of the forgery charges now resting against him.

FARMERS' MEETING

The Perrysburg Township Farmers' Association will hold a meeting at the Lime City school house, Tuesday evening, November 30, at 7 o'clock.

Important and interesting questions will be discussed.

One feature of the programme will be a debate.

Come and take part in the discussions.

Everybody invited.

POMEROY PHILOSOPHY.

For the information of Jack Warwick of the Blade we desire to say that a Ben Davis apple or a Kiefer pear is better eating than an osage orange.—Maumee Advance Era.

To which we may add: And a sweet potatoe makes better pie than no pie at all.

HOMES UNDER QUARANTINE.

Mrs. S. E. Meyers home at 519 East Merry avenue is under quarantine for smallpox because of the illness of her granddaughter, Miss Helen O'Brien, of Scotch Ridge, who is staying at that place while attending school here. All necessary steps have been taken at the schools in Bowling Green to prevent a starting of the disease.—Sentinel-Tribune.

Distress in the Stomach.

There are many people who have a distress in the stomach after meals. It is due to indigestion and easily remedied by taking one of Chamberlain's Tablets after meals. Mrs. Henry Padigan, Victor, N. Y., writes: "For some time I was troubled with headache and distress in my stomach after eating, also with constipation. About six months ago I began taking Chamberlain's Tablets. They regulated the action of my bowels and the headache and other annoyances ceased in a short time." For sale by all dealers.

P. H. S. WILL PLAY DUNDEE

Last P. H. S. Game of Season Will Occur Friday, Nov. 26.

After Waite 2nd's cancellation of the game to be played here Friday afternoon, Nov. 19, with the local Hi, Dundee (Mich.) was secured altho on account of the rain the game has been postponed until the 26th, and on Friday afternoon of this week Perrysburg High meets Dundee in a post-season game. As Dundee defeated Scott Maroons 19-6, and P. H. S. defeated the Maroons 3-0, the game promises to be a fast, snappy but hard fought contest. The local team has been strengthened by the addition of "Baldie" Fuller and also some new formations have been devised solely for this final game with Dundee, thus assuring a game in which high-class football will be shown.

Dundee is one of the fastest teams in the lower part of Michigan, therefore P. H. S. will need the loyal assistance of every "fan" in town to help them win from the Wolverine aggregation.

As it will be the final game of the season everybody should come out and witness, for the last time this year, the local Hi in action.

Perrysburg has been doing remarkably well this season for the amount of material on hand, losing as she did seven of last year's stars by graduation. The lineup for the game with Dundee High School on Nov. 26, which starts at 2:30 will be as follows:

P. H. S.	Dundee
Purvis.....	L. E.Potter
Budd.....	L. T.Haighly
Schuster.....	L. G.Dunn
Vietch.....	C.Ross
Clegg-Thomas	R. G.Moore
Compton.....	R. T.Brookfield
Hallowell.....	R. E.Miller
Finkbeiner (Capt)	Q.Cochrow
Renaux.....	L. H.Langley
Fuller.....	R. H. Cannon (Capt)
Pangratz.....	F. B.Butterworth

Officials—Referee, Myers of Toledo; Umpire, Riddering of Dundee; Head Linesman, Fuller of Perrysburg. 15 minute quarters. 2:30 sharp.

Harsh physics react, weaken the bowels, will lead to chronic constipation. Doan's Regulents operate easily. 25c a box at all stores.

WILL ANNOUNCE

ENGAGEMENT

Mr. Carroll Pew of Perrysburg is visiting with friends in Grand Rapids, Mich., this week, having started for that city on Tuesday evening last. On Thanksgiving day it is expected that the announcement will be made of his engagement to Miss Bernice Evans one of the most charming young ladies, and a popular leader of the most exclusive society of the Michigan city. The wedding will probably occur in the spring and Perrysburg will probably be the summer home of the young Mr. and Mrs. Pew.

When Carroll returns from his brief vacation and assumes his duties at his desk in the Sun company's offices he will probably find many evidences of good will and wishes from his host of friends who will congratulate him upon his approaching nuptials.

How to Prevent Croup.

It may be a surprise to you to learn that in many cases croup can be prevented. Mrs. H. M. Johns, Elida, Ohio, relates her experience as follows: "My little boy is subject to croup. During the past winter I kept a bottle of Chamberlain's Cough Remedy in the house, and when he began having that croupy cough I would give him one or two doses of it and it would break the attack. I like it better for children than any other cough medicine because children take it willingly, and it is safe and reliable." Sold by all dealers.

NEISWANDER CASE AGAIN

Another Trial on Charge for Murder in Second Degree.

A higher court, to which the case of Neiswander was appealed, has ordered a new trial.

Neiswander and his father-in-law, James Dindore, were driving to Doshier early one morning about a year ago. Dindore was killed and Neiswander was charged with the crime and indicted for murder in the second degree. He was found guilty by the jury before whom he was tried.

The case must now have a retrial.

HATFIELD ENDORSED.

Word was received in Sandusky on Thursday that prominent Republicans all over the Thirteenth congressional district were urging Chas. S. Hatfield, of Bowling Green, to again enter the lists for the Republican nomination for congress, and it was stated that Mr. Hatfield had about decided to again seek the honor of being the party's standard bearer in the district next fall.

Mr. Hatfield, it will be remembered, ran Congressman Overmyer a neck-and-neck race in the congressional election of 1914. The Republican nominee distinguished himself in this contest by the clean, though aggressive campaign which he waged. Senator Harding and other noted Republicans who campaigned through the district with Mr. Hatfield, warmly praised his vigorous presentation of Republican doctrines and endorsed him as a man who merited the high honor of a seat in congress. He was formerly prosecuting attorney of Wood county and is a lawyer of marked ability.

Mr. Hatfield, on the face of the first returns in 1914, appeared to be elected, but the official count showed he had been beaten by a small plurality by Congressman Overmyer. Mr. Hatfield waved aside all suggestions of a contest over the election result and was one of the first to congratulate his successful competitor. Now Mr. Hatfield's many friends are putting him forward as the man deserving of the nomination next year, providing he will make the race. The formal announcement of his candidacy is expected soon.—Sandusky Register.

In view of the splendid campaign made by Mr. Hatfield, at a time when the uncertainty of the political situation made Republican success so extremely doubtful that no other Wood county man was willing to enter the race, it would seem that Wood county should rally unitedly to the support of the vigorous and loyal Republican whose ability to brilliantly represent the district in congress none will question.

A WONDERFUL ANTISEPTIC.

Germs and infection aggravate ailments and retard healing. Stop that infection at once. Kill the germs and get rid of the poisons. For this purpose a single application of Sloan's Liniment not only kills the pain but destroys the germs. This neutralizes infection and gives nature assistance by overcoming congestion and gives a chance for the free and normal flow of the blood. Sloan's Liniment is an emergency doctor and should be kept constantly on hand. 25c., 50c. The \$1.00 size contains six times as much as the 25c.

HOW THEY PLAYED

News of Football Games of Past and Present.

Perrysburg team journeyed to Fremont Sunday and met defeat to the team of that place 24 to 0.

Perrysburg played a great game, holding Fremont to the smallest score of any team this year. Perrysburg was weakened by three players not appearing, which left eleven men to play throughout the game. The locals outplayed Fremont in mid-field and many times had the ball on the 10 yard line, but failed or lost on fumbles.

Fremont has a heavy team and made big gains through the line. They could do little on end runs and forward passes. Fremont fans went wild over Perrysburg's open plays, and want a return game.

With the locals full lineup there might have been a different story to tell.

The Maumee Yales met defeat for the third time this year by the Perrysburg Classers, 13 to 6.

Weiland and Muir were the big ground gainers for the Classers. Renaux and Pangratz starred for Maumee.

HAVE DINNER EARLY.

Football Thanksgiving afternoon. You can't afford to Miss this game if you have to go without your big turkey dinner. The All-Star Alumni will line up against the town team. This will be a good game to witness, and the fans should turn out to see their old favorites in action again.

Game called at 2:30 sharp. Admission, 25c.

A football game is being arranged for Sunday, November 28. This will be the last game of the season.

COURT CASES.

The petition of Edna Aleshire for divorce from Ray Aleshire was refused.

Etta Lease was granted a divorce from Carlton D. Lease, and given custody of their child. Defendant was ordered to pay \$4 per month for support of child.

Susanna Maria Hodgins et al have brought suit against Russell P. Barton, administrator of the estate of Alice Sarvis, deceased, et al, contesting the will and for equitable relief.
